

## Tullamore Solar Farm Limited

19 February 2025

Dear Resident,

I am writing in relation to the **Drombeg Solar Farm** project and the upcoming construction program.

The delivery of the majority of the solar panels, support structures and associated materials has commenced and will last for approximately two months. Subsequent to this, the number of traffic movements will decrease considerably and will consist of primarily construction personnel and small deliveries etc. The proposed completion date for the project is Q4 2025.

We are conscious of the impact these deliveries are having both in terms of damage caused to the road and difficulty navigating what is essentially a single lane carriageway. Our solar contractor will strive to maintain good road manners for all traffic connected with our site and liaise with Kerry County Council to get the necessary permits to periodically carry out repair works on the roadway.

If you have any issues or would like to discuss the project, please contact me on (086) 167 7977 or via email at [esbsolarfarms@esb.ie](mailto:esbsolarfarms@esb.ie).

Regards,

**Sean Moroney**
